

# Carbon Buzz

Invitation to join carbon-tracking pilot

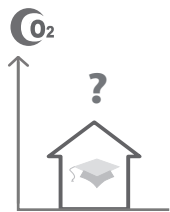

Are you aware of the CO<sub>2</sub> emissions of your designs and how to set project targets for your practice? CarbonBuzz is an easy-to-use online tool for practices to compare forecast and actual project emissions to an up-to-date database of projects and CIBSE's sector by sector benchmarks\*.

Practices are invited to join one of three pilot workshops at the RIBA. The platform is due to be launched on November 5th 2008. Data entered will establish an up-to-date anonymous RIBA/CIBSE database of forecast and actual building energy use for the industry.

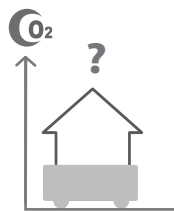

**When & Where:** 1st, 2nd and 3rd October from 9am to 12.30pm at RIBA, 66 Portland Place, London W1B 1AD

**Info:** Please contact RIBA R&D Department on 020 7307 5359 or [research@inst.riba.org](mailto:research@inst.riba.org)

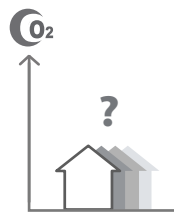

\*These benchmarks will form the basis for Display Energy Certification due to be launched this year.
